

IMMUNIZATIONS

similar type facility intended for the instruction of children, either public or private, unless they shall first have been vaccinated against those diseases

board of trustees of the Jackson Public School District has the power, authority, and duty to require those vaccinations specified by the State Health Officer as provided by law. Application of immunization requirements will be consistent with state statute.

All Jackson Public School District scholars must present to the school of enrollment a Certificate of Immunization ()-4(t)-4(he)3(1)

will be added as a childcare requirement for children under five years old and entering child care for the first time. All scholars will be required to present the certificate at or before the time of enrollment. Children entering school for the first time are required to have two doses of chickenpox vaccine or a history
